Cluster Mobilier Transilvan

<http://www.transylvanianfurniture.com>

Bilateral Meetings

- Thursday 14:30-17:00

Description

Transylvania Furniture Cluster promotes innovation, entrepreneurship, transferability and mutual trust as key elements for increasing competitiveness. The cluster emerged in 2012 in a context lacking a coherent national cluster policy, but with a strong private awareness of the fact that enterprises need to collaborate in order to increase their competitiveness. Starting with 22 members, TFC had implemented projects with the direct involvement of almost 100 stakeholders so far.
