### Bilateral Meetings

- Thursday 14:30-17:00

#### Description

Macedonian Chamber of Information and Communication Technologies - MASIT is a volunteer, non-profit chamber of commerce. The chamber was founded in 2000 as an initiative of the top fifteen Macedonian IT companies and was operating as an Association within the Economic Chamber of Macedonia. In April 2007, on the Annual Assembly of MASIT, the legal transformation of MASIT from Association to Chamber of commerce was agreed. Today, MASIT is the voice of the Macedonian ICT industry. The chamber represents companies of the ICT sector in Macedonia including: software and IT services companies, hardware companies and distributors, carrier and other telecom companies, as well as training providers and ICT consulting companies.
